Distinguished Lecture on "Modelling and Simulation of Tunnel Field Effect Transistor" on 20th August 2019 at Seminar hall, IGDTUW

IEEE IGDTUW along with IEEE Delhi section and EDS Chapter organized a Distinguished Lecture Talk on 20th August 2019 at IGDTUW campus. Dr. Manoj Saxena, Associate professor, Department of EEE, DDUC, DU was invited as the guest lecturer and delivered a talk on "Modelling and Simulation of Tunnel Field Effect Transistor". Dr. Saxena emphasized on the need to stay in touch with the latest technology in Electronic Devices and also introduced the audience to societies like Semiconductor Industry Association where students could apply for research and keep themselves updated of the current technology. The event saw a large footfall of over 70 students including those of colleges affiliated to GGSIPU and faculty members from IGDTUW.

The Head of The Department of E & C, Dr. Nidhi Goel felicitated Dr. Manoj Saxena for the same. IEEE IGDTUW Student Branch is grateful to all students & staff who contributed to the success of this event, Dr. Saxena being an integral part of it all.
